

DYCE AMATEUR SWIMMING CLUB

DEVELOPMENT SQUAD

STARTING MON 9TH JANUARY 2017

Does your child really enjoy swimming and interested in progressing into a swimming club but you feel that they are not quite ready or struggling with one particular stroke and unable to progress?

We have started a new squad to work with swimmers that are struggling with stroke technique, whether it be breathing, breast stroke kick or just not sure what to do next, we are able to help them by working with a small amount of swimmers to help them progress into the competitive squads.

We will hold this session once a week on a Monday 5 to 6pm at Dyce Academy pool during term time.

Please give our membership secretary a call or email and she will arrange a trial.

Membership Secretary – Carolyn Davidson
